

MY SALON Suite Grows Its Georgia Footprint with West Midtown Opening

By Kamille D. Whittaker | December 30, 2019

MY SALON Suite is opening in **West Midtown** at the **Arium Westside** apartment complex (formerly known as **Tenside**), at 1000 Northside Drive.

It will be the ninth Georgia location for the company that leases individual suites to beauty professionals.

The space spans approximately **5,200 square feet** and houses 28 private suites.

Rob and **Angie Zimmerman**, a local couple and multi-unit franchisees, have four other MY SALON Suite locations throughout the metro-Atlanta area.

This new location will house a number of beauty professionals, including master cosmetologists, master barbers, estheticians, nail technicians, and massage therapists, who are referred to as members.

Members are provided with local and national marketing support, business operations support, all suite and building maintenance, and support with business development, among other services.

MY SALON Suite offers fully-equipped suites featuring a style station and full-length mirror, styling chair, shampoo sink, color station with separate sink for dispensing and storage.

Additional amenities include a security system, shared bathrooms and lobby and windows offering ample natural lighting.

In addition to the accommodations, members are offered ongoing training and support to grow and develop their business, which includes access to a referral network, a key draw according to Angie.

“What we love about MY SALON Suite is it provides established beauty professionals with the opportunity to go out on their own and run their businesses the way they want to, in a luxurious salon setting.”
